HEBER HARTVIGSENS TAKE EXTENDED TRIP EAST AND ENCOUNTER HEAVY SNOWS

Mr. and Mrs. Heber Hartvigsen of Newport Ave. returned home Sunday from a two-week rail journey which took them to calendar factories at Joliet, Ill., and Terre Haute, Ind., with five days spent in Chicago where Mrs. Hartvigsen visited an aunt she had not seen for many years. The latter city was found to live up to its reputation of being windy, smoky and black, with hotels and cafes crowded and traffic a real problem morning, noon and night.

Going east on November 3 heavy snows were encountered through the high plateaus of Arizona as well as on the mountains of New Mexico and Colorado, with trains several hours late as they dropped down to the plains of Kansas. New-sown fall wheat and pastures looked fine through this state and the late corn harvest was still being carried out in Illinois and Indiana, they report.

The Hartvigsens had never been east or to the middle west before and report one trip is likely enough for a time. They were mighty glad to be back in Southern California again and especially Ocean Beach at San Diego.

MRS. NIELSEN TO REVIEW BOOK BY HOWARD FAST

The Liteature department of the Ocean Beach Woman's club will meet Monday, Nov. 25, at 8 p. m. in the clubhouse. Mrs. B. H. Nielsen will review "The American" by Howard Fast. Hostesses for the evening will be Mrs. W. H. Valentine and Mrs. Melvin Hansen.

Mrs. Mary Ryan, secretary of the San Diego chapter of the National World League for Dog Welfare, Inc., reports that she is at work on plans for a rummage sale to be held in San Diego soon to raise money to build a shelter for homeless dogs. She requests that any dog lovers in Ocean Beach who would like to donate a few hours help on this project contact her by phone.

Legion Auxiliary Starts Toys Drive For Needy Children

(By Myrtle Orrick)

The women of the American Legion Auxiliary, Clyde A. Wright Unit 433, are conducting an intensive used toy drive during the two weeks, Nov. 18 to Nov. 30. These toys will be repaired and painted and the dolls cleaned and dressed by the ladies of the unit with the aid of several post members and youth of the district.

At Christmas these toys will be presented to the children who are in need and would be the forgotten children on Christmas morning.

The committee in charge of the toy drive are Unit 433 Child Welfare Chairman Myrtle Orrick, Bayview 6121; Alpha Rowe of 3194 Midway Dr. and Mary Fold, 2345 Seaside St. There will be a box in which toys may be left at Mrs. Rowe's address on Midway and at Mrs. Fold's home, also at Point Loma high school, Dana Junior High and the Ocean Beach fire station.

Give a toy and bring sunshine to an underprivileged girl or boy. A little more happiness brought into the lives of these youngsters also will bring happiness to you at this Christmas time.

Lions Discuss Local Matters

A. G. Bruce of the Ocean Beach Lions club was unanimously elected as representative of the Lions on the governing committee of the Ocean Beach Recreation center at the meeting held yesterday (Thursday) noon. Bruce, a local auctioneer and diamond merchant, will attend the meeting Dec. 10 of the new committee.

Participation by local business people in the campaign for funds to build a North Shores community hospital was among the subjects for discussion at the session. General feeling of members was that local merchants had little to gain by supporting the project as it is presently set up.

Also brought before the meeting was the present possibility of having a representative of the Lions club on the Ocean Beach Chamber of Commerce with the nomination of Lion Purcell Webb for the office of director.

Guests present for the meal and business session were Vernon Ross of the Vogue Upholstery and Ed Redmond, representative in this area of the Eastman Kodak company.

Local Artist Has Exhibit at Ocean Beach Art School

Eleanore Wilkevich, gifted young Ocean Beach artist, whose water colors have been attracting considerable attention in San Diego, is having a one artist exhibition in the galleries of the San Diego School of Arts and Crafts, 5116 Naragansett Ave. Director Orren Louden reports on her exhibit as follows:

"Mrs. Wilkevich for the past few Sundays has been mentioned in Reginald Poland's column in a local Sunday daily for outstanding work displayed at the Fine Arts Gallery and the Art Center of La Jolla. She recently shared a show with her mother Andre Hine at the Hotel Admiral.

"Her work shows great strength of color, design and execution. Her subject matter as a rule portrays every day understandable material.

"In an exclusive interview with a National City newspaper she states, regarding her method of work and her outlook on art 'The artists of today should study and gain from the work of the past and modern European artists but in so doing should not imitate but paint the things around him in his own manner. Everyone has his own method of working and if those methods get the desired results the approach is correct and the artist should be happy.

Exhibit at Dana Jr. High of Drawings Attracts Attention

500 PARENTS, FRIENDS ATTEND OPEN HOUSE HELD NOVEMBER 14

(By Principal C. R. Swenson)

An unusually fine exhibit, showing the value of birds to man, was on display in the fluorescent lighted bulletin board case at Dana Junior high school the past week. The four sections of the case were filled with artistic drawings of about 25 of the more valuable varieties of birds in their natural colors. Scientific data on birds accompanied the pictures and the entire exhibit created a great deal of interest on the part of student and teacher.

The exhibit was prepared by Capt. Hugh G. Voorhies, U. S. Army, retired, one of whose many hobbies is birds. Capt. Voorhies made the drawings and artistically colored them to represent the birds in their natural surroundings. The exhibit was shown in one of the business house show windows on Broadway last summer and was loaned to Dana as a personal favor to the principal upon his urgent request. Capt. Voorhies visited the school and spoke briefly to several classes last week.

Open House Attracts

A crowd of at least 500 parents and friends visited Dana Junior high school last week Thursday evening at the Open House program during American Education week. The feature of the evening was a concert given by the Dana Glee club, under the direction of Mrs. Veta Reigel. Owing to the inclement weather the band concert planned for the court during the visitation of classes had to be postponed until the next Open House, which will be given next spring.

Boys to Hollywood

Seven Junior Hi-Y boys from Dana were among the 120 boys from Dana who made a trip to Hollywood by bus on Saturday, November 16. The excursion was under the supervision of Mr. Mowrey, assistant director of boys' work of the local Y. M. C. A. Breakfast in San Clemente, lunch at Hollywood high school, a movie at Grauman's Chinese theatre and the U. C. L. A.-Montana game in the Coliseum were some of the high-lights of the trip, according to Richard Priest and Selby Dalton of Dana Junior High. Other Dana boys who attended were Ernest Fontes, Manuel Gomes, Bud Cooper, Bert Williams and Joe Rosa. A new member of the local Hi-Y club is James Christian.

A. J. Morss Elected Chairman, No. Shore Boy Scouts Council

At the annual meeting of the North Shore district of the San Diego Area Council, Boy Scouts of America, held November 18, Arnold J. Morss, chairman of the Troop 28 committee, was unanimously elected chairman of the North Shore district Council. Mr. Morss has for the past year, served as vice-chairman of the Advancement committee for the district. He succeeds Le Roy Wright who has been chairman for the past four years. The members of Troop 28 wish Mr. Morss success in his new job with the Scouts.

During the past week-end, approximately 75 committeemen, instructors, scoutmasters and assistant scoutmasters attended a week-end camp at Camp Hualcucuish in the Cuyamaca mountains in connection with the scoutmasters' and committeemen's training course. These men were from all over the San Diego area, representing the 11 districts which comprise the San Diego area.

Saturday night dinner was cooked by the camp caretaker but after that the individuals were required, by the training course, to do it themselves. The group was divided into patrols, which studied, cooked, etc. in that manner.

Saturday night was devoted to star study, camp fire activities and patrol activities. Owing to the uncomfortable outdoor temperature the meeting that night was held in the mess hall, with a good hot fire going.

All those who took their cars up had to drain the radiators as a safety precaution against freezing. They found some snow left from the rains earlier in the week. Carleton Bingham, scoutmaster of Troop 28, and Robert Allen who has returned to the troop after a hitch in the Navy also acompanied the group.

EXPECT TWIN HATCH OF COBRAS AT ZOO TURNS OUT TO BE A SINGLE ONLY

Mrs. Lawrence Krettler reports that, in response to many requests as to the outcome of an oversized cobra egg which she had described in her news article about Mrs. Belle Benchley, San Diego Zoo director, published recently in The News, she contacted Mrs. Benchley and learned that the egg hatched, but failed to produce the expected twin cobras. A solitary but somewhat larger than average baby cobra crawled forth from the egg recently.

Pointers Take Top League Spot After Beating Escondido

PLAY SWEETWATER IN FINAL GAME, ON ROSS FIELD THIS AFTERNOON

Point Loma high school now is in first place at the top of the Metro high school football league as result of their 14-7 victory over the Escondido Cougars Friday on the latter's field. The Pointers have not lost a game this season. Their record shows five games won, one tied, 76 points scored and only 19 points scored against them.

Grossmont is in second place with four games won, one tied and one lost. Escondido, with three victories, one defeat and two ties, is in third place. La Jolla is fourth with three wins, one tie game and two defeats. The other league members rank: Sweetwater fifth, Kearny sixth, Coronado seventh and Oceanside eighth.

Only game on the regular schedule left for the Pointers is with the Sweetwater eleven, to be played on the local field this (Friday) afternoon, starting at 2:30 o'clock.

In Lousy Mental Shape

Asked about his team for today's game, Coach Don Giddings said Wednesday "they are in good physical shape but in lousy mental attitude," evidently being afflicted with over-confidence as regards today's battle. Giddings, however, is starting his 11 regulars, with Finster at left end, George left tackle, Keough left guard, Medina center, Thompson right guard, Herz right tackle, Jones right end, Stangl quarterback, Jensen left half, Kaneyuki right half and M. Silva fullback.

The reserves he is depending on, he says, include Andrade, Mellison, Wilson, Blackman, Brown and Simmons.

Out Trick Cougars

Playing on a muddy field at Escondido, the Pointers came from behind after the Cougars pulled a reverse trick play that caught Point Loma flat footed in the first two minutes of the game. The Cougars had received the kickoff and after reeling off two first downs in a row Jim Floyd broke through left tackle on a reverse and ran 55 yards for the counter. The extra point was added.

That first spurt, however, was about all that Escondido could do. For all the remainder of the game the Pointers had their opponents fooled much of the time, with their mixture of forward passes, spinners and end runs. Before the first frame ended Point Loma had the score tied 7-7. Don Jones scored on a 35-yard forward pass from Manuel Silva.

Ocean Beach Girl Tells of Japan In Letter to Mother

A bit about Japan from Miss Dortha Strobehn written to her mother, Mrs. Garnet Wales Strobehn of 1657 Sunset Cliffs Blvd. was given The News this week. Miss Strobehn is in the Looted Property section of the civil property custodian department, Foreign Division, General Headquarters in Tokyo. Of Japan she writes: "It is a strange country, both modern and primitive, Tokyo has modern hotels and office buildings, all being occupied now by the Allied powers.

"The country is beautiful and the fields are well tended, but the homes are for the most part small, dirty and without adequate heating facilities, if any.

"One sees the Japanese women carrying tremendous loads on their backs — everything from children to bed rolls and almost anything else that is to be transported. They receive no respect or common courtesy from the Japanese men.

"On the streets of Tokyo are to be seen many types of, or modes of transportation. Of course there are thousands of military vehicles, a few private automobiles, ox and horse-drawn carts, and rickshas.

"The traffic is terrific—they drive on the left over here—and believe me, after years of stepping off the curb, glancing over my left shoulder for on-coming traffic, then proceeding on my way, it is rough to step off the

Police Uncover Loot In Gang Hideout In Sunset Cliffs Cave

Ocean Beach figured in the roundup last week of one of the gangs of boy gangsters who have held this area in the grip of a juvenile crime wave during the past months. Police scaled the muddy cliffs beneath Sunset Cliffs to a cave which had served as a hideout and cache for the loot stolen by young vandals from homes in the Loma Portal, Plumosa Park and Frontier districts.

Found in the cave were food, household articles, guns, knives, watches and blankets. The three boys who had used this hideout were arrested Saturday, one at his home and the other two at a Pacific Beach school. None of the boys in the gang are believed to be from Ocean Beach.

When arrested one of the youths said that they had planned to use the stolen articles for a vacation which they were going to take in the spring.

Expects Center To Be Ready in Month Except for Floor

POLICY AND USES FOR RECREATION CENTER PLANNED AT MEETING

Except for a hardwood floor planned for the gymnasium, indications now are that the new Ocean Beach recreation center at Santa Monica and Ebers will be completed in about one month, Leo Calland, city director of recreation, told representatives of the numerous local organizations and groups at a special meeting held at Wallace hall Tuesday night. The problem of obtaining the proper material for a gym floor right now seems almost impossible to solve, Calland indicated.

Main business before the meeting was to obtain further information from Calland and from Miss Pauline desGranges, superintendent of city playground and recreation centers, on what uses, and by whom, are to be made of the building, what policies shall be in effect and what Ocean Beach advisory personnel shall assist the city in operation of the center. Both those named spoke at length and replied to questions. Mrs. D. C. Muchmore, vice chairman of the original community-civic committee, presided.

Calland stated that the center is to be used for all types of community activities approved by the city, and for all ages of folk, the activities to include athletics, social, arts and crafts, music and dramatics. He emphasized that no one organization or group will be allowed to monopolize the building, that an advisory committee to apportion out the center to the various groups as impartially as possible, will be chosen.

Community activities sponsored by the city recreation department, he said, will have first priority on use of the center. Priority for other uses of the building will be established later in cooperation with the advisory committee, he indicated.

The various rooms and facilities are such that use of the center can be had by several different groups at the same time.

When not in use for the approved community activities there will be opportunity for approved organizations to use the center for a nominal rental fee, and that opportunity can include the dining and kitchen facilities of the center, Calland pointed out. Youths of all three local schools, the Elementary, the Dana Junior High and the Point Loma high school, all are to be served as far as possible, he stated.

Most of Groups Represented

Most of the interested local groups and organizations were represented at the meeting, about 25 men and women being present.

Former Councilman Tells Kiwanians Of Journey to Ireland

Ocean Beach Kiwanians were regaled with an interesting travelog by Fred Simpson, a former city councilman. Simpson told of a trip he took to Ireland last summer, leaving this country on July 21. The trip over the Atlantic by boat, account of lack of modern facilities on ship and unusual heat, was a tough one, he said. Lynn Peltcher officiated as chairman for the evening.

Simpson, who was born in Ireland, and came to this country as a boy of 16, said he had made the trip for a three-fold purpose, to see his five sisters, to see the big horse show in Dublin and to make an auto trip around Ireland to see the many points of interest that he had never been permitted to see as a boy.

"Ireland is a horse country," he said. "The grass there is of such extra quality as horse feed that the Ireland breeds of horses have become noted for their large bone structure. Many of the great race horses of this country are of Irish breeds."

Simpson said he bought an Austin car of eight horsepower for $1600 American money, with which he essayed to travel about the island. He first ran into a snag, however, when he found that 20 gallons of gas was all that he could buy. Later, however, he was able to get what he needed through the "black market" sales of gas, he said.

He said he learned that the

NEWS IN BRIEF

Point Loma High alumni are staging a get-together at the Point Loma high school this (Friday) evening, November 22 at 7:30. There is to be an election of officers and refreshments and dancing as part of the evening's entertainment.

Among the Ocean Beach women who are attending the 45th annual convention of the Southern District of the California Federation of Women's Clubs in Riverside this week are Mrs. Lloyd Davis, Mrs. C. W. Early, Mrs. S. M. Kyde, Mrs. A. L. Johnston and Mrs. Melvin Hansen.

Mr. and Mrs. Roberts of Enid, Okla., have been visiting at the home of Mr. Roberts' son and his wife, Mr. and Mrs. Melvin Roberts of 4669 Narragansett Ave., for the past month. Saturday they went to El Centro, where they plan to spend the winter with their daughter.

Mrs. D. C. Crouch (the former Beverly Parks), with her daughter Donnie Lynn, flew to Honolulu recently to join her husband, who is stationed there at the Naval air field. Mrs. Crouch is the daughter of Dr. and Mrs. I. W. Parks of 4435 Del Monte Ave. The latter reports that her daughter wrote that the trip took only 9¾ hours from Los Angeles to Honolulu.

"SOUND OFF"

Question: "What do you think of nursery schools as training for the pre-school age child?"

"I think the mixed influence of home life and some nursery school training is very beneficial even if the mother doesn't have to go out to work."—Ruth Powers, Housewife and Mother.

"I found in the case of my own child that he did better to wait until he was school age to start in to school because he was older then and more able to make the adjustment from home to school.—Ardith Jennings, Schneider's Drug.

"It is good for little tots to learn to get along in groups before they enter into regular school life."—Eleanor Dias, Gift Box.

"If a nursery school is run right I think it is good training, in fact the children would be better adjusted to their later school life if they had pre-school experience. However, the nursery schools should have proper supervision."—Lucille Escobedo, Gilbert's Store.

"My four-year-old son, Harold, has profited by being in a group of children his own age and having the advantage of supervised play. The hot, well-balanced meals at noon and the mid-afternoon snacks along with eating with the other children has improved his appetite.—Mrs. Harry Masters, Master's Food Shop.

"I think nursery schools are wonderful. It has done a lot for my son. He has been in nursery schools off and on since he was two years old and the most important thing I think it has done for him is to give him a lot of self-confidence and independence which he wouldn't have had if he had been with me constantly."—Serene Petcher, Gilbert's Store.

Significant Statements by Interesting Californians

MARCHMONT SCHWARTZ, Stanford football coach—"Coaches don't bawl out vets for dropping punts or fumbling. How can you have the nerve to crab at a kid who's made 30 or 40 combat flights over Germany?"

STATE SEN. RANDOLPH COLLIER—"Highway expansion and improvement is desperately needed in this state—and Californians must be prepared to pay for it. Remember, Santa Claus died as of Tuesday, November 5."

FRIEDA KLUSSMAN, S. F. painter—"Clothes reflect spirit. Because women are inventive and colorful in their attire, they're modernizing art. Men cling to tradition as dull and changeless as their suit styles."

SENATOR DOWNEY—"I don't think it would be a bad idea for the State of California to take on the entire program of completing the Central Valley project."

LOS ANGELES (Special)—On Sunday morning, November 24, the Columbia Church of the Air will be broadcast under the auspices of the Christian Science Committee on Publication for Ohio. The subject of the address will be "Universal Thanksgiving." The program will be released over Station KNX at 7:30 a. m.

POLITICAL PARADE

(By Clem Whitaker)

California's 1947 State Legislature, which convenes in January, will face a crowded docket of high-voltage issues — with the State's post-war highway program, supplemental revenue bills for cities and counties, numerous social security proposals and a sheaf of measures to control labor disputes shaping up as major bones of contention.

One of the big battles of the 1947 session, according to present indications, will revolve around the question of financing a new highway program to restore and expand the state's battered and over-crowded road system.

Senate and assembly interim investigating committees are due to bring in recommendations as to revenue sources for an extensive program of highway repair and new construction—and Governor Warren also is expected to submit a comprehensive highway program in his biennial message to the legislature.

New highway revenue proposals which will be considered by the lawmakers include a 2- or 3-cent a gallon increase in the state gas tax, increased truck and bus taxes and stepped-up registration fees.

Ranking next to the highway problem in controversial content, it is indicated, will be the question of providing supplemental revenue sources for cities and counties, which contend they cannot support facilities for their new population without finding new means to tap the taxpayer's pocketbook. One proposal which will be offered, but which may run into bitter opposition, is the suggestion that the state sales tax be increased, with the new income being allocated to local governments.

Another local government measure which is certain to result in legislative fireworks is the proposal, sponsored by the California League of Cities, that all real property throughout the state shall be assessed by a central state agency. County assessors and county supervisors are reported in bitter opposition to this measure.

The docket of proposed social security legisation may include another attempt to get California to enact a system of compulsory health insurance, or state medicine, despite the drubbing given similar measures at the last session of the legislature. Also on the social security agenda will be a long list of bills to plug loopholes in the hastily-enacted sickness and disability insurance act.

Current reports forecast an avalanche of bills to put an end to needless labor warfare, including measures to strengthen the state's machinery for mediation of labor disputes, acts to make permanent the war-time ban on "hot cargo" practices and secondary boycotts, and proposals to protect both employers and the public from paying the penalty for jurisdictional quarrels between warring unions.

History of Local Library Broadcast By Radio Station

A brief history of the Ocean Beach branch, San Diego public library, was presented by Mollie Morse last week Thursday at 9:45 a. m. over radio station KGB, on the Mollie Morse program, reports Don Emblen, publicity chairman for the library. Beginning with the first citizens' committee organized to form the library in 1916, the sketch carried through with the work of Miss Kate Spani, then principal of the local Elementary school. Miss Spani led this community effort, Mollie Morse stated.

Many readers of The News will recall the Beach's first library, which opened on March 4. 1916, in a store building on Abbott St. near Santa Monica Ave., to the tune of the merry-go-round and skating rink nearby. In 1927, the city of San Diego bought the lot at Sunset Cliffs Blvd. and Santa Monica Ave. and constructed the present $18,000 building.

According to the 1945-46 report of Miss Margaret Rankin, librarian at the branch, its circulation topped 90,000 books this year. Miss Rankin is assisted by Miss Elsie Laudan, children's librarian; Mrs. E. T. Finch, clerk, and Mrs. Thelma Roux, Miss Lyndall Roux and Miss Lorna Morefield, pages.

Ocean Beach News
Dear Mr. Swan:

Please let me thank you and, through the columns of your newspaper, express my gratitude to all the citizens of our community who supported my candidacy during the recent campaign. I am very grateful for their interest and for the assistance accorded me.

I sincerely hope that both you and your readers will help me in the responsibility which I face by keeping me informed of your opinions, needs, and problems. To do the best possible job, a legislator depends to a large degree on letters from his constituents for a true picture of public opinion and conditions in his district.

Sincerely,
FRED H. KRAFT.

Speaker to Woman's Club Scores Some Of Popular Books

(By Marian Krettler)

Miss A. Bess Clark of Point Loma High's English department is always eagerly sought as guest speaker for the local Woman's club. So, her informal talk of last week Thursday afternoon was expected to be both provocative and thought-inducing. It was. She paid elaborate disrespects to works now being turned out by the Literary Guild and the Book of the Month club.

"You can't tell me," said Miss Clark, "That the men behind those clubs lack brains. But—they're after the money. When people want to read about sex, they turn out books accordingly.

"Fall of Valor," lately reviewed on radio's "Meet the Critic" program, induced the speaker's bitter comment. "Imagine a professor of 43 who didn't know what was wrong with his life until he met a Marine captain. All we need now to complete the homosexual cycle is a book on Lesbianism."

"Lost Weekend?" Sniffs from Miss Clark. She couldn't imagine anyone being dissuaded from strong drink by reading of a man left alone with a bottle.

"What a waste of trees?" Miss Clark was referring to the misuse of wood pulp in the fashioning of present day books. She has gone back to reading Chaucer and Aristophenes, finding their evaluation of human character far beyond that of modern authors.

She wasn't altogether hopeless, however, in her estimate of books worth reading. Recommended was Wallace Stegner's "One Nation" with its plea for tolerance. The story of Peter Altgeld, governor of Illinois and champion of the underprivileged may be found in Howard Fast's "The American."

"Pick, pick, pick. Upper case, lower case. No linotypes with which to speed the labors of Caxton, the first printer." What works did he find worthy of recording. The Bible. Chaucer. Canterbury Tales. That was all. But, the speaker indicated, works that can never die.

Then, Miss Clark diverted into comments on her ancestry. "Sinners," she termed them, who came to America about the same time as "The Saints." Although the sinners didn't steal from the Indians and dig up their corn caches as did the saints, they did preserve their privilege of differing opinion.

"The students turned out by our high schools do not think," such was Miss Clark's estimate. "They go on to college—and still they have not learned to think. Athletes occupy no corner of our libraries, but followers sit in the bleachers, yelling for somebody else's activity, so they do not need to think."

Perhaps Miss Clark underestimates the ability of students coming under her guidance to think. Miss Rankin, our local librarian, tells the writer that the instant they ask for books, she can identify the Clark-trained persons. Anyway, if they do not learn real thinking, they cannot escape the influence of such a vital, individualistic teacher as A. Bess Clark. And that goes for the local Woman's club too, to whom the much-appreciated instructor comes as a guest speaker at least once a year.

Jeanette and Paul were then presented with real "leis" of carnations, flown by Clipper from Honolulu for the occasion and sent by Mrs. E. E. Gaynor, sister-in-law of Mable Gaynor, a member of Point Loma chapter.

Entertainment was provided by three "Hawaiian" dancers, "Puanani," "Keala" and "Nani." Master of ceremonies was Charles Mayers. Flood lights and effects for the show were through the courtesy of Mr. Huntley of Pacific Beach.

The worthy matron and worthy patron led the officers, members and guests to the banquet room which was decorated in the Hawaiian theme. At each of the officers' places stood "Hula Girls" complete with grass skirts and "leis" as place cards for the girls and miniature "palm trees" for the men. The worthy matron's table was decorated with coconuts, elephant ear leaves, hibiscus, banana tree leaves, Hawaiian place mats and amber service. Tapa cloths covered the walls of the hall.

Traditional of Hawaii, bananas and pineapple were served. Those assisting Bernice Bull, the chairman, and Gladys Nelson, the co-chairman, were Betty Van Cott, Fern Herbst, Mary Mayfield, Mable Gaynor, Josephine Jones, Marie Copeland, Billy Nelson and William Bull.

Junior Women Hear Talk on Diets For Children Nov. 18th

At the Ocean Beach Junior Woman's club meeting held Monday, November 18, at the clubhouse, Mrs. William Southwell gave an interesting talk concerning diets for children, which was most informative. Dr. W. B. Oster discussed the great need for all parents of today to protect their children against dangerous childhood diseases by early immunization. Miss Vesta Petersen, principal of the Ocean Beach Elementary school, gave important facts regarding the preparation of a child for school. Lester Wahrenbrock added to these important subjects concerning children, by offering some facts having to do with the emotional side of the child's life.

In line with the various talks, all of which concerned children, two interesting musical contributions were given by Barbara June Reynolds, an 8-year-old pupil of Mrs. Edna Paine, who played the marimba very professionally for her young years. Albert Rieboldt, a 14-year-old boy, also a student of Mrs. Paine, offered selections on the accordion. He has had previous experience on the radio and in many public appearances.

The meeting was concluded with group singing and refreshments.

In the absence of President June Stevens, Mrs. Pat De Pew, vice-president, presided.

Hostesses were Mrs. Warren Fox, Mrs. Philip Sjoberg and Miss Evelyn Stradley.

Representatives of several others were unable to attend, and a few others not yet contacted also will be invited to participate. Mrs. Muchmore stated, the idea being that none of those interested shall be overlooked. In order to make sure that all are invited to take part another meeting, to be held at Wallace hall at 8:15 Tuesday evening, Dec. 10, was decided upon.

In the meantime all those present were asked to report the information obtained Tuesday night to their respective organizations or groups before the Dec. 10 meeting. Every local organization and group which has not yet done so is asked to name a representative to attend the Dec. 10 meeting.

At the Dec. 10 meeting, the plan will be to discuss, and most likely select, the advisory committee, also to discuss and decide on plans for dedicating the center, preliminary to its opening.

Mrs. Muchmore stated Wednesday that the sentiment seems to favor making all the representatives, one from each of the groups, members of the advisory committee, and from that large committee to select an executive committee. The latter may be three or five, she said. The executive committee, likely to be chosen for a stated term, shall be the one to cooperate with and advise with the city recreation department on plans and policies for operation of the center. Calland stated that the city of course, prefers a small committee with power to act, with which to confer.

Those present Tuesday as filed with Milton Lancaster, the temporary secretary appointed, were the following:

Mrs. Mary Fold, president, Mrs. Myrtle Orrick and Netha M. Byxbe, representing the Ladies Auxiliary of the local American Legion post; Roy W. Orrick, local American Legion post; Mrs. E. F. My advice to any painter is not to be stuffy about art, learn to use the medium, apply the few necessary rules of composition, perspective and form and however they are used, photographically or surrealistically, paint with vigor and without fear but paint!'

"Mrs. Wilkevich practices what she preaches—she is doing a fourman job—first she has a husband to cook for, darn socks, keep house, secondly she is the registrar for the San Diego School of Arts and Crafts, thirdly she had children's art classes at St. Stephens school, and fourthly she paints in every spare minute.

"Next Sunday afternoon Mrs. Wilkevich and her mother will pour coffee in the gallery of the San Diego School of Arts and Crafts at 4:30. Come in and meet Mrs. Wilkevich and the artists who assemble on Sunday, talk art and get acquainted with a young artist of whom Ocean Beach should be proud. She is doing much to build our community into the art center of the West coast."

well known word "boycott" first originated in Ireland, having been adopted from a hard boiled tax collector by the name of Capt. Boycott, whose drastic measures for collecting taxes had resulted in the people of his district rebelling against paying the taxes, thereby establishing a "boycott" of Capt. Boycott.

The value of the English pound, which is used in Ireland, in U. S. currency is now $4.02, he said.

Though food is rationed, it is rather plentiful in Ireland, he stated. As a result the English do much of their food buying in Ireland, England being much shorter of food.

Much of the criticism that Ireland refused to aid the Allies in the war is unfounded, he said, since the facts are that out of the 2 odd million population of South Ireland 235,000 volunteered in the British army.

While the Irish generally hate the British government, and have fought for centuries against the domineering attitude of that government toward Ireland they really treat the English as individuals well, and much like they do the Americans, he said.

THANKSGIVING

Good it is that we have a special day for thanksgiving every year. And we should use the occasion not merely for feasting and fun but to quietly contemplate the many blessings for which we have to be grateful. Too many of us are inclined to accept the benefits and blessings of our experience as a matter of course, but we complain loudly and more or less constantly about its unpleasant phases.

Although we live in an age of great material comforts and conveniences life is not easy. We have passed through trying years of war. We face trying years of peace. Economics, politics, international relations, family and social life all pose problems which press insistently for solution.

But despite all this the good far outweighs the bad. We must not forget, for instance, that in the recent war our land was untouched by its violence. Our families were never subjected to sudden death from the sky, our homes were not demolished nor our fields scarred by the fury of battle. For this alone we should be thankful not just on one day of the year but on every day.

Since V-J Day the dire predictions of large unemployment and depressed economic conditions have not materialized. On the contrary, there are still more jobs than competent men to fill them, and our Nation continues prosperous. This too, is cause for gratitude.

Yes, the very fact that we are Americans and live in this rich, productive land of ours, enjoying a freedom of speech and action such as few nations have today, is in itself something that calls for deep thanks.

May we as individuals and as a nation cultivate thanksgiving as a daily habit rather than limit it to a special ceremony on a special day. By so doing we shall make ourselves better citizens, our Nation a better nation, our world a better world.

UNLESS WE LIVE IT

The war of arms was won by meeting face to face on the battlefield and hurling missiles at each other. We sometimes make the mistake of thinking the war of ideas can be won in the same way—by meeting face to face on the debating floor and hurling ideas at each other. That is why, in the General Assembly of the United Nations, debates have been and will continue to be sharp and controversial.

It will not help us to pretend that these differences will not arise, said President Truman when he opened the Assembly. Nor will it help us to pretend that these differences can ever be settled by argument. Victory in the war of ideas is achieved not by debate but by demonstration.

When we talk about democracy to other nations we are talking about the ability of our people to stick and work together by voluntary agreement. And there is no use talking about that when marriage—our most frequent form of voluntary agreement—is breaking up at the rate of one divorce in every three starts.

When we talk about freedom to other nations we refer to the ability of each and every one of us always to give his best at any moment. And there is no use talking about that when all of us—our whole nation—is paralyzed by strikes for days and weeks at a time. We will lose democracy unless we live it. That, for most of us, does not begin with more debate, but with more demonstration—on the living room carpet at home and on the factory floor.

"Have you heard about the little moron who flooded the gymnasium because the coach told him to go in as a sub?"

—•—

Visitor: "I'd like to see someone with a little authority."

S2c: "What can I do for you? I have about as little authority as anybody."

An Ocean Beach business man was gazing rapturously at a huge oil painting of a shapely girl dressed only in a few strategically arranged leaves, which was hanging in the museum. The title of the picture was "Spring." Suddenly the voice of his wife snapped, "Well, what are you waiting for . . . Autumn?"

—•—

He who laughs last has found a double meaning which the censor has missed.

Henpecked Husband (wailing): "I don't mind washing dishes for you, and I will even sweep the floors, but I ain't gonna run no ribbons through my nightshirt just to fool the baby."

She used to be the belle of the town but somebody tolled on her.

—•—

King Arthur: "I hear you have been misbehaving."

Knight of the Round Table: "In what manor, sir?"

—•—

He rushed into the house, excited, out of breath.

"Our marriage is illegal," he told his wife.

She stared at him in amazement.

"Our marriage is illegal," he repeated. "Your father didn't have a permit to carry that gun!"

—•—

He: "Your husband looks like a brilliant man. I suppose he knows everything."

She: "Don't be a fool. He doesn't suspect a thing."

Mr. and Mrs. Melvin Sutherby of 4691 Adair St. entertained a group of friends at cards last Saturday evening at their home. The guests were Mr. and Mrs. Lance Newland, Mr. and Mrs. Kenneth Pierson and Mr. and Mrs. William Kibbler, all of Pacific Beach.

FREE LUNCH

But you're right—there's a catch in it. It isn't for you, it's for me—and this is how come. It seems the paper has to have their copy in at a certain time—to-wit: Monday noon, in order to come out on time—to-wit: Thursday a. m.. Now whereas I, as party of the first part, did cause the advertising manager, party of the second part, great consternation by being late with my copy; and whereas, party of the second part did in a fit of desperation offer me free lunch if I should accidentally get my copy in on time this issue, and whereas, it being generally known that I am not one to pass up a bargain (what am I saying) and it being now the hour of 11 o'clock of the day in question and having successfully completed my part of said agreement—I do now call upon party of the second part to complete his.

But what am I doing? He gets the last laugh AFTER ALL—I have to pay for this adv.

So I've spent all of my advertising money and space telling you the above story—but what's the difference.

STATE COLLEGE NEWS

(By Claire Hollobaugh)

During the half-time of the State College-San Jose game Saturday evening which San Jose won 6 to 0, Marty Jacobson of 4508 Granger St. and Nora Ingram of 4658 Adair St. performed for the last time this year with the Aztec fire dancers. Credit is due to them and to all the fire dancers for making our games more colorful, and furthering the Aztec tradition. Also seen at half time was Mildred Van Gessel of 4963 Long Branch. Mildred is one of our six agile tumblers on the State tumbling team.

The rally in the gym last Friday brought out a large representation from Ocean Beach. Watching the performance of the band, the tumbling team and the song and cheer leaders were: Jane Price of 4522 Brighton, Dorothy Shepherd of 4620 Del Monte, Nora Ingram, Rosamund Decker of 4928 Coronado, Amelia Bruce of 3804 Bernice Dr., Barbara Lawrence of 3718 Poe St., Adele Kissinger of 1915 Capistrano, Teresa Murphy of 3749 Narragansett, Jack Davis of 5035 Brighton, Ed Klosterman of 4664 Santa Monica, Mat Hegerle of 1690 Cable St., John Kowal of 5112 West Point Loma Blvd., Alan Daun of 4965 Santa Monica, Dayton and Frank Alverson of 3855½ Santa Cruz and 1656 Guizot St., respectively, Ed Hobson of 4361 Narragansett and Carlton Bingham of 4977 Santa Cruz.

Eviline Barclay of 4685 Larkspur did a magnificent performance in the State College play production of Claudia. Those present from Ocean Beach were Amelia Bruce, Barbara Lawrence, Adele Kissinger and Teresa Murphy.

Attending a recent Founders Day dinner given by the Phi Lambda Xi's were pledges Bill Madigan of 4741 Niagara, Jack Blackwell of 4655 Brighton, Jack Hamlin of 4602 Naragansett and Mat Hegerle.

Viola Daly of 4222 Whittier St. was recently elected secretary of the El Club Azteca.

On the committee for the Cetza Thanksgiving drive is Nancy Williams of 1725 Sunset Cliffs Blvd.

Mildred Van Gessel was a guest at a Montezoomers (State flyers club) party.

When State's junior varsity played the Oceanside Junior College varsity Beverly Lake of 4338 Coronado was there to cheer for our team.

Jane Price can now be seen on Saturdays playing with the toys in the Toy Dept. at Whitneys. Jane is employed there for the Christmas rush.

Another Ocean Beach girl planning to go to the Santa Barbara game is Elenor Mead of 1621 Ebers.

Priscilla Ingham of 4353 Montalvo and Ann Caraway of 4344 Montalvo attended a before game party for Mary Pascale of East San Diego.

Others attending before game parties were Mary Currey of 4439 Muir, Joan Swanson of 4431 Green St. and Muriel Mellon of 4352 Santa Cruz.

After a surprising defeat at the hands of San Jose, a few of the Aztecs seen drowning their disappointment in a coke at Topsy's were Dotty Shepherd, Nora Ingram, Bob de Guevara of 5066 Voltaire and Frank McElwee of 4408 Brighton.

Jeff Bryant of 4786 Muir is acting host at a birthday party for his brother, Mathew. Among those present will be a group of boys from Redlands University and a few Hawaiian guests.

Present at a farewell dinner in honor of Betsy Marsh, who is leaving soon for Korea, were Marty Jacobson, Jean Aubin and Beverly Lake.

Seen at the Cuyamaca and Laguna mountains these past Sundays were Beverly Lake, Eleanor Mead, Bill Stone of 4602 Narragansett, Dick Odom of 737 Sunset Cliffs and Richard Guasti.

NORTHWESTERN MUTUAL FIRE ASSOCIATION

Ocean Beach Area Contributes $5913.25 To Community Chest

Citizens of the Ocean Beach area have contributed $5,913.25 to the current Community Chest-U. S. O. fund-raising campaign, it was reported this week by Mrs. Walter Hepner, local chairman for the appeal. This brings this locality to 44 per cent of its quota of $13,510, she says.

The report followed a second luncheon meeting of drive leaders and volunteer workers, held Friday at the U. S. Grant hotel, where it was revealed that the drive as a whole stood at better than the half-way point with $367,215 subscribed, 55 per cent of the $667,915 quota.

"Our need for $300,700 more to reach our goal is evidence of the work which lies ahead," Frank Alessio, chairman of the commerce and industry division, who presided at the meeting, told the group Friday. "We can attain our goal if there is a vigorous effort on the part of every volunteer."

NEWS IN BRIEF

Mr .and Mrs. Charles M. Rotzler of 4852 Muir Ave. have named their baby boy Gregory Charles.

A marriage of interest to members of the Ocean Beach Woman's club took place recently in Yuma, Ariz., when Mrs. Marie Koopmans, a member of the club, was married to A. V. Van Andel of San Diego.

Mr. and Mrs. Robert Dryden of 4575½ Bermuda Ave. announce the arrival of a 4½-pound baby girl born Friday, Nov. 15, at Mercy hospital. The baby arrived at 11:45 a. m. and at present is still in an incubator and her family hasn't seen her. She was named Susan Melody.

Mrs. Ardith Jennings started working at the Schneider Drug store last Saturday in the drug department for the Christmas season. She can hardly be termed a new employee as she has worked in the store every Christmas since it was opened six years ago.

"NEEDLENOISE"

(By Ellis Jacobson)

If you want to hear something smooth, dreamy and sentimental, listen to Peggy Lee vocalize on "Aren't You Kinda Glad We Did." It's another one of those saucy numbers that is causing a great deal of controversy, due to the suggestive words of the song. When Peggy sings she puts her heart into it and with this type of number . . . well it's nice! It's a very slow piece and though not tuneful it is the kind of song just made for Peggy. She has a way of singing the words so that you feel that they are meant for you alone. Her husband, Dave Barbour, is along with his orchestra to furnish some fine accompaniment music. Flip is "It's All Over Now," a slightly faster number than "Aren't You." Peg glides along smoothly until the middle of the platter when the orchestra takes over and breaks into a jump tempo. A clarinet and Barbour's guitar show up for some nice solo work. Miss Lee returns to sing at the same pace as the orchestra and then after a few bars back to the original tempo. The number as a whole doesn't run too smoothly due to the change in tempo but it's still good. You'll find it under the Capitol label.

There are a lot of Christmas recordings on the market now but Victor's latest album "Perry Como Sings Merry Christmas" tops them all. Como turns in a wonderful bit of vocalizing on every record. His voice is soothing and rich and with Russ Case and his orchestra furnishing the accompaniment music, you just can't help catching that Christmas spirit. The album contains "That Christmas Feeling," "Winter Wonderland," "I'll Be Home for Christmas," "Santa Claus Is Coming to Town," "Silent Night," "Oh Little Town of Bethlehem," "Oh Come All Ye Faithful," and "Jingle Bells."

Les Brown is planning on disbanding his orchestra soon for financial reasons . . . T. Dorsey has given his outfit notice that November 23 they will break up. Looks like he is really going through with it this time. Never can tell about ole T. D. though.

See you all next week.

Report to people who are waiting for telephone service

But Southern California's growth makes job bigger than ever

Despite severe shortages of materials, we have added telephones at a record pace this year. So far, more than 129,000 have gone into service.

Still, there is a tremendous job to do before we can catch up with Southern California's spectacular growth and provide service for everyone who wants it. Millions of dollars worth of additional equipment must be manufactured and installed to take care of the orders on hand and new applications which continue to pour in every day.

You may be certain that we are doing everything we can to hurry the day we bring your telephone to you.

Thank you for your patience and understanding.

Thanksgiving

FROM VERY EARLY times mankind has been impelled by a natural impulse to return thanks to God for benefits received. The Bible story of Cain and Abel gives evidence of the fact that primitive men felt the urge to express gratitude for the increase of the field and flock. The offering of the first fruits to the creator was carried by Abraham to a point where he was willing to lay even his beloved son Isaac on the altar of sacrifice. Until men became more spiritually enlightened it was believed that such offerings were the highest form of divine worship. While such primitive methods of expressing gratitude may seem inhuman to us, we must not lose sight of the fact that they were the forerunners of a more spiritual concept of worship.

A day of Thanksgiving was inaugurated by the founding fathers of the United States of America as a national holy day. It was a revival of a very old custom dating back to the Exodus, when Moses offered his song of thanksgiving for the salvation of Israel from Egyptian bondage. Lest this day be looked upon as merely a holiday and its significance be forgotten, it may be well to refresh our memories with a few fundamental facts concerning the meaning and need of thanksgiving.

Perhaps no simpler example of the true spirit of thanksgiving can be cited than the story of two Boy Scouts who were returning home from a long hike. A woman who had been gathering apples called to the boys as they passed her house and asked them if they would like a couple of pippins. Both responded with alacrity. As they went on their way, munching the apples, one boy said, "We forgot to thank the lady for the apples." The second boy replied, "Oh, she doesn't need our thanks." "No," said the first boy, "but we need to thank her, just the same." Whereupon, he went back to the house and thanked the woman, while his companion, not seeing the point, trudged on, still munching his apple.

Thanksgiving Day offers a special time for self-examination. Nor is it the only time when one should balance his accounts with God. Like the boy in the story, we cannot be truly happy when, having received a gift, we fail to return thanks for it. The true joy of life is in spiritual communion. We commune with God only as we appreciate His ever-present love and thus behold in all mankind the reflection of His abundant grace.—*The Christian Science Monitor.*

Pointers Take Top

(Continued from Page One)

Paul Kaneyuki kicked for the extra point.

The Pointers' second touchdown was scored in the final quarter when Jim Jensen plunged off tackle two yards to pay dirt after Kaneyuki had reeled off 15 yards around left end and Silva had cracked center for three yards. Kaneyuki again converted, bringing the score to the final figures of 14 to 0. Except for the first couple minutes of the game, the play was practically all in the Cougars' territory. The Pointers had prepared for and spoiled the Cougars air attack from start to finish.
